

MASJID/WATER STATION
MASJID AL FURQAN
NIGERIA

Assalamu Alaikum,

Alhamdulillah, by the grace of Allah (SWT) and the generosity of our donors, we are pleased to announce the completion of Masjid Al Furqan, Nigeria. This Masjid will serve as a House of Worship, a Center for Education, and a beacon of hope for this underserved community.

The project also includes the construction of a water station, providing clean water for Wudu and daily needs. May Allah (SWT) accept this sadaqah jariyah, multiply your rewards, and grant barakah in your lives.
