WATER STATIONS**

Assalamu Alaikum,

With the mercy of Allah (SWT) and your generous support, we have successfully completed the construction of the home on behalf of **Ridah Al Walidain** for flood victims in Pakistan. This home will provide safety, dignity, and hope to a family who lost everything in the devastating floods.

Barakah Housing Village includes:

- Two Water Stations offering clean, accessible water
- A School ensuring children's education continues
- A Masjid serving as a center for prayer and community

The Prophet (SAW) said: "Whoever relieves a believer's distress in this world, Allah will relieve his distress on the Day of Judgment" (Muslim). Your donation has been a source of relief for these families and an act of Sadaqah Jariyah that will continue to benefit them for years to come.

Jazakum Allahu Khairan for your generosity. Together, we are transforming lives and providing hope for a better future.
